CONSTRUCTION CORNER

Projects to have on your radar

East 15th and Agate

*Phase 2 of the Hamilton Walton
Residence Hall Transformation*

The work most visible to passersby will be site work on the west side. In April this site work will move to the south side and interior courtyard, with exterior site work on the Agate Street side beginning too. The job trailers will be moved out in April as well so that the site work on the north can take place. Fencing will be removed shortly after the end of spring term, approximately June.
