

The UO has a \$2.2 billion economic footprint on the state of Oregon alone. We also inspire creativity and ingenuity in our graduates and foster the success of countless Oregonians. From supporting the cost of education for our current students, to funding innovative research, to boosting spending by visitors from outside the state, the University of Oregon helps our state prosper.

**Congressman Earl Blumenauer**  
(D – Multnomah County)

**UO Alumni in District 19,745**

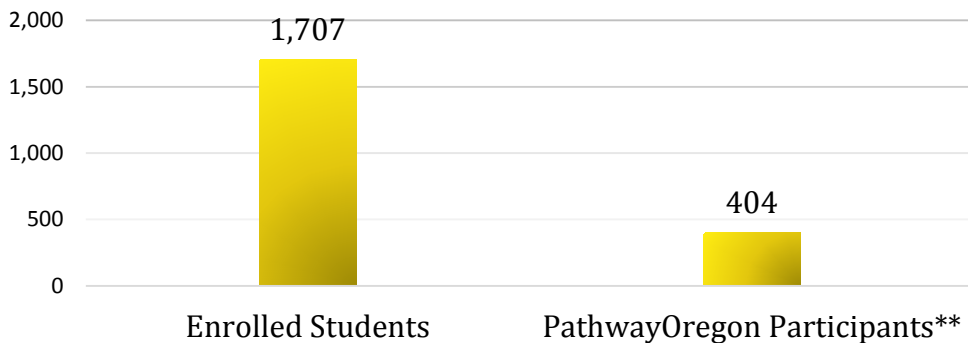

**UO Employees from Dist. 585\***

**Paid to Employees \$7,689,904**
