* Student residency and level are based on first enrollment of academic year. Students may transition in residency and/or level, which may result in reporting anomalies, e.g., a graduate student receiving funding that is specific to undergraduate students, or a nonresident student receiving funding that is specific to Oregon residents.

Note: Detailed distribution data does not sum to total 'Met Need' because these amounts have been capped so that paid aid does not exceed need for an individual student. In addition, not all types of federal aid are listed.

Undergraduate student debt at graduation, 2015-16

Of those graduating with debt, the average amount was \$25,542

Academic year 2015-16

PathwayOregon serves more deserving students every year

PathwayOregon ensures that academically qualified Federal Pell Grant-eligible Oregonians will have their University of Oregon tuition and fees paid with a combination of federal, state, and university funds. But we go one step further: we combine this aid with advising and support services to help these students succeed.
