QUACK-TIVITIES

Dive into these exciting events and activities open to the community!

Science Knight Out 2025

Tapping the Power of Chemistry: From Green Products to Brewing Innovation

 **Thursday, May 1, 2025**

 **6:30 - 8:00 PM PST**

 **Jaqua Concert Hall at The John G. Shedd Institute for the Arts, 285 East Broadway Eugene, OR 97401**

As the featured speaker at this year's community science lecture, **Dr. Jim Hutchison**, Knight Campus Senior Associate Vice President and The Lorry Lokey Chair in Chemistry, will describe breakthroughs in molecular design and share how his University of Oregon lab helped change the way chemistry is taught and applied and explore some of the ways he's continued to help develop innovative research and educational programs at the Phil and Penny Knight Campus for Accelerating Scientific Impact — from designing more sustainable products to using brewing as a framework for training the next generation of innovators.

Robert Guldberg, Knight Campus Vice President and Robert and Leona DeArmond Executive Director, will provide opening remarks leading up to Hutchison's lecture, followed by a moderated Q&A opportunity with audience members.

Arrive early between 5:30 – 6:30 pm for an informal community mingle with cookies and beverages for purchase. Doors to the main lecture hall will open at 6:10 pm.

- **Sunday:** 8:00 AM Washat Service & 1:00 PM Salmon Bake @ Many Nations Longhouse (1630 Columbia St., Eugene, OR 97403)

Learn More at the Native American Student Union's Instagram Page: <https://www.instagram.com/uo.nasu/>

Did you know that admission to the Jordan Schnitzer Museum of Art at the University of Oregon is free every first Friday of the month from 11 AM to 5 PM?

UO COMMUNITY CONNECTION

MAY - JUNE 2025

NEXT GENERATION HOUSING

Over the next 20 years, the University of Oregon is planning more high-quality, learning-centered residential communities on campus that are compatible with surrounding neighborhoods, provide a gentle transition between higher and lower intensity uses, and serve our growing student community.

To plan a variety of housing types that meet the needs of first-year students, undergraduates, graduates, and families, the UO is in the process of designing **two 800-bed residence halls that will be built on the southeast side of campus between 17th and 19th Avenue and Moss and Villard Streets**. The first residence hall is planned to be complete by Fall 2027, and the second residence hall is planned to be complete by Fall 2028.

Please see gcr.uoregon.edu/next-generation-housing for public process updates.

A **right-of-way vacation** (transfer of ownership from the City of Eugene to the UO) for the portion of Moss Alley adjacent to university-owned property is necessary to build the Phase 1 residence hall. The application was submitted to the City of Eugene in late December. A public hearing regarding the vacation at a Eugene City Council meeting is scheduled for Monday, May 19, at 5:30 pm. *More information can be found in the [Eugene City Council's Tentative Working Agenda](#).*

The vacation of Moss Alley will impact current traffic circulation pattern for trucks delivering items to UO's Central Kitchen facility on Moss Street.

For information on plans, maps of the alley vacation location and Central Kitchen delivery traffic circulation pattern, and public process points and opportunities for input, visit gcr.uoregon.edu/next-generation-housing.

UO Alerts Text Messaging

Visitors, campus neighbors, and others wanting information about emergencies and urgent situations at the University of Oregon can now subscribe to receive text notifications from UO Alerts. All texts will include a link to the UO Alerts page where additional information on the event and campus resources can be found.

To sign up to receive texts from UO Alerts, text one of the following campus code to 333111:

- UOEUG (Eugene)
- UOPDX (Portland)
- UOOIMB (Oregon Institute of Marine Biology)
- To receive Summer only alerts for the Eugene campus, use code UOSummer.

UO students and employees who have signed up through DuckWeb should not sign up via text, as they will receive the same message twice.

Standard data rates and charges may apply. Messages can be stopped anytime by texting STOP to 333111.

UO COMMUNITY CONNECTION

MAY - JUNE 2025

CONSTRUCTION CORNER

Knight Campus Building 2

Riverfront Parkway and Millrace Drive

Exterior building façade installation is nearing completion. Interior drywall, ceilings, and building system installations are underway on all levels. The Knight Campus Building 1 north entrance and pedestrian boardwalk between Building 1 and Millrace are closed during the construction of a skybridge connecting buildings 1 and 2. Riverfront Parkway remains open in all directions with occasional construction traffic. Completion is on schedule for Winter 2026.

Kalapuya-Illihi Residence Hall

Moss St. and 17th Ave

Interior repairs to walls continue. Completion is on schedule for Fall 2025. Once back in use by students, Hamilton Complex will be decommissioned.

Villard and University Halls “Heritage” Renovation Project

W. 11th near Franklin Blvd

The UO’s two oldest buildings are undergoing complete interior renovations and exterior restorations. Seismic upgrades are nearly complete, windows are off-site to be refurbished, and roofing of University Hall is currently underway. Fencing on the perimeter of the site blocks some interior sidewalks; temporary detour walkways are in place. Completion is on schedule for Fall 2025.

UO Athletics Indoor Practice Facility

Leo Harris Parkway

In preparation for the construction of a new athletics practice facility west of Autzen Stadium in 2026, a portion of Leo Harris Parkway is being realigned. Leo Harris Parkway is temporarily closed to all traffic at the west end between MLK Blvd. and the new Eugene Science Center parking lot west of the footbridge to Alton Baker Park through summer 2025. Access to UO Athletics facilities, the Eugene Science Center, and Alton Baker Park is available from the east end of Leo Harris Parkway. The new parking lot adjacent to Eugene Science Center remains open.

For all construction projects on the UO Eugene campus with impacts, go to map.uoregon.edu/construction-impacts.
